

AptitudeX Placement Mock Tests

Test plans and review framework

Placement mock-test book

Use this booklet with a timer. The application generates mixed 20-question tests from the full 2,000-question bank and reports accuracy, review items and weak areas.

Recommended test plans

Foundation sprint

Format: 20 questions ? 25 minutes

Coverage: Percentages, ratio, averages, number systems, verbal grammar

Review every wrong answer and classify it as concept, calculation, interpretation or time-management error.

Numerical reasoning

Format: 20 questions ? 30 minutes

Coverage: Tables, percentage change, work, speed, probability and DI

Review every wrong answer and classify it as concept, calculation, interpretation or time-management error.

Logical reasoning

Format: 20 questions ? 25 minutes

Coverage: Series, coding, direction, ranking, seating and syllogism

Review every wrong answer and classify it as concept, calculation, interpretation or time-management error.

Grand placement simulation

Format: 50 questions ? 75 minutes

Coverage: Mixed quantitative, logical, verbal and data interpretation

Review every wrong answer and classify it as concept, calculation, interpretation or time-management error.
